No Free Parking Nicholas Boys Smith 2022-11-10 'Weaves the wacky, the woeful and the wonderful into an entertaining narrative spiced with lots of London-inspired poetry' - The Times From the medieval cobbles, through Dickensian iron and fog, to the neon lights and bustle of the twenty-first century, the ever-changing streets of London map out the vibrant stories, triumphs and struggles of everyone who ever called London home. From the Roman and Celts marching along the ancient Old Kent Road, to the rattling newspaper presses of Fleet Street, the game of Monopoly has painted London's story across cheerful coloured tiles. But those Monopoly streets live and breathe - they don't just illuminate our history. They open up whole new ways of thinking about it. The mobs have taken to our streets. The overlords have taken them back. Wars have spilled out into them. Lovers have snuck around them, and fires have raged through them. In a city of rags and riches, where folk hero Dick Whittington believed the streets were paved with gold, anything could happen - and everything has. You may think you know the history of London. You don't. Or at least, not entirely. This is the story of the capital as you've never, quite, heard it before.

The Texas 7 Gary C. King 2001-04-16 "You haven't heard the last of us yet..." These were chilling words on a note left behind by seven armed and dangerous inmates who escaped from the John Connally prison in South Texas on December 13, 2000. Their promise has apparently been fulfilled. The inmates, now known as the Connally Seven, are suspected of having first robbed a Radio Shack in Houston, and then, days later, on Christmas Eve, of having fatally shot and runover a young police officer during an assault on a Dallas sporting-goods store. For six frantic weeks, a massive manhunt with a significant reward had only turned up dead ends...until a tip came in from someone who had seen the gang on Fox-TVs "America's Most Wanted." Authorities arrested four of the seven prisoners, including suspected ringleader George Rivas, in Woodland Park, Colorado, and a fifth inmate shot himself during police negotiations. Immediately intensifying the search for the last two heavily armed and dangerous prisoners, police and FBI closed in on them at a Holiday Inn in Colorado Springs just two days following the previous arrest. After five hours and a telephone interview with a TV news station in which they expressed their feeling that the breakout was a statement against Texas's judicial system, the two inmates surrendered themselves, putting an end to a long and frightening episode. The Texas 7 goes behind the scenes to give you a detailed, fascinating

account of the events leading up to and after their brazen prison escape--and the exciting chase that ultimately led to their capture.

But days after the funeral when Dr. MacNeill moved his much younger mistress into the family home, his children grew suspicious. Conducting their own investigation into their mother's death, the MacNeill's daughters uncovered their father's multiple marital affairs, past criminal record, and falsified college transcripts he used to con his way into medical school. It would take six long years to solve the mystery of Michele's murder and secure a first-degree murder conviction against the once prominent doctor. Cradle of Death John Glatt 2011-04-01 Ten Babies. Eight Murders. One Woman to Blame: Their Mother In March of 1949, a healthy baby boy named Richard Noe entered this world. Thirty-one days later, he left it -- found dead in his parents' bedroom in a working-class Philadelphia neighborhood. Over the next nineteen years, all nine of Marie and Arthur Noe's other children would die -- one stillborn, one in the hospital, and the other seven of unexplained causes--none lived longer than fifteen months. Gaining national sympathy for their unbelievably bad luck, the Noes were deemed victims of SIDS (Sudden Infant Death Syndrome). But as the years went on, may people found their SIDS defence a hard pill to swallow -- after all, SIDS is not a hereditary condition. As investigators proved, they found that in each case, the child had died while home alone with Marie Noe. Finally, in 1999 -- fifty years after her first child died -- septuagenarian Married Noe pled guilty to killing eight of her ten dead children. Today, she remains at home on probation helping psychiatric experts understand what is perhaps one of the most disturbing and baffling mysteries of all: how and why a mother could kill her own children. In this riveting true crime account, author John Glatt goes behind the headlines and into the heart of this fascinating case to reveal the shocking answers.

A History of Infamy Pablo Piccato 2017 "A History of Infamy explores the broken nexus between crime, justice, and the truth in mid-twentieth-century Mexico. Facing the violence and impunity that defined politics, policing, and the judicial system in post-revolutionary times, Mexicans sought truth and justice outside state institutions. During this time, the criminal news beat and crime fiction flourished. Civil society's search for truth and justice lead, paradoxically, to the normalization of extrajudicial violence and neglect for the rights of victims. As Piccato demonstrates, ordinary people in Mexico have made crime and punishment central concerns of the public sphere during the last century, and in doing so have shaped how crime and violence took form over time"--Provided by publisher.

Drawn from hundreds of hours of personal interviews, as well as police, medical, and court documentation, this is a grisly, horrifying, and meticulously researched account of Albert DeSalvo—an American serial killer on par with Jack the Ripper.
