Cyclopaedia of American Literature Evert Augustus Duyckinck

2025-02-12 Reprint of the original, first published in 1856.

**Cyclopedia** William Fotheringham 2015-09-01 If it's on the bike, it's in the book. The world of cycling is one of death-defying feats and obscure mechanical oddities, heroics and geekiness in equal measure. In *Cyclopedia*, renowned two-wheel aficionado and acclaimed sports writer William Fotheringham delves deep into this world to unearth rare nuggets of amazing facts and enthralling anecdotes. This essential book is an A-Z compendium of everything you could ever want to know about the bicycle, from the history of the Tour de France to Chris Hoy's dominance of the Beijing velodrome, from the origins of the quick-release system to the diet that powered Graeme Obree to the world hour record, from Lance Armstrong's rise and fall to the slang words used for performance-enhancing substances, from the literature of cycling to the perils of vicious dogs. *Cyclopedia* has all the equipment, the races, the chases, the faces, the places, the drugs, the sex, and the scandals to convert any amateur cyclist into a fully fledged bike expert.

Duyckinck 2017-10-30 Excerpt from Supplement to the Cyclopedia of American Literature: Including Obituaries of Authors, Continuations of Former Articles, With Notices of Earlier and Later Writers Omitted in Previous Editions Here I must pause, with a brother's testimony to the manly sincerity of his character and the great worth of his example; the lesson of his life, in the discharge, with rare self-devotion, of every private, social, and Christian duty. I owe much, more than I can here express, to his constant affection, his principles, and his active virtues. Cyclopædia of American Literature; Embracing Personal and Critical Notices of Authors, and Selections from Their Writings 1856

**The Cyclopedia of American Literature (Classic Reprint)** Evert A. Duyckinck 2015-07-16 Excerpt from The Cyclopedia of American Literature The selection of subjects for biographical or critical treatment appears to have been governed by no rule or principle whatever, unless one may be found in the facility with which paragraphs about certain characters could be compiled from monthly magazines, quarterly reviews, biographical dictionaries, or other easily accessible works. William Morell came to New England in 1623, and remained one year; William Wood, about the same time, made a short visit to Boston. It does not appear that either of them ever wrote a line here, or intended to settle here; but both are formally introduced as American authors. William Vaughan, who visited Newfoundland, but never touched the soil of what is now the United States, is also treated as an American author, in two columns of biography and criticism. Captain John Smith was in Virginia and along the coast previous to 1615, and six columns are devoted to his achievements in American literature. Soon after, we have a life of Rev. Samuel Ward, of Ipswich, England, with a part of one of his sermons, preached and printed in England, although this Rev. Samuel Ward was never in America, never wrote a syllable about America, or, so far as we are informed, knew of the discovery or existence of this continent. Another Ward, of whom there is a long account - Nathaniel -

did, when between sixty and seventy years of age, come to Massachusetts Bay, and after his return home, where he lived still many years, wrote several volumes, in some of which there are allusions to his visit this side the Atlantic.
